Total									

The above allocated capacity is an integral part of a bundled capacity product offered by TSO1 and TSO2. The associated capacity contract with TSO2 was allocated and confirmed to you under the RBP Auction Confirmation No .###*

DISCLAIMER

The auction procedure was fully compliant with Regulation 984/2013 and the Operational Rules of RBP.

The present RBP Auction Result Confirmation shall be considered as electronic capacity booking contract for the above allocated capacities. The contract was concluded between the above mentioned TSO1 and XY NU in electronic way and electronic form. RBP confirms by digital signature that all data and details are correct and authentic in the RBP Auction Confirmation. The concluded capacity booking contracts are valid and effective without any further act between XY NU and TSO1 at clearing price TSO1, according to the terms and conditions of the capacity booking contract of TSO1.

All relevant terms and conditions of the concluded capacity booking contract other than detailed above are governed by the relevant national regulations of TSO1. By having participated in the present capacity allocation procedure, XY Network User declares to have read, understood and accepted the relevant national rules and regulations of TSO1 as applicable.

The RBP Operator is not responsible for any contractual obligation or liability arising from the capacity contract concluded between TSO1 and XY NU.
