**Adjacent Transmission System Operator is: eustream a.s. (Slovakia)**

**The capacity auction will take place on RBP (Regional Booking Platform): <https://rbp.eu/>**

**Tariff:**

The Reserve Price (HUF/kWh/h/year) is calculated in accordance with the current Regulations – 8/2016 (X.13.), 11/2016 (XI.14.), 13/2016 (XII.20.) and its modifications (latest modification of the 13/2016 MEKH Decree regarding tariff level is the 3/2018(VI.01)) – of the Hungarian Energy and Public Utility Regulatory Authority. Based on the Commission Regulation (EU) No 2017/459 of 16. March 2017. (CAM NC) the Ascending Clock auctions shall enable System Users to place volume bids – related to each gas year – to requested quantities against escalating prices, which are defined price steps, announced in consecutive bidding rounds, starting at the Reserve Price. System Users with a winning bid in the auction are obliged to pay always the actual the capacity fee defined in the Tariff decree related to the obtained capacity product and the eventual auction premium calculated on the basis of the underlying price step and the Reserve Price.

**Conditions of applications of capacity auction:**

The capacity auction will take place on RBP (Regional Booking Platform) of FGSZ Ltd: <https://rbp.eu/>

The System User shall be entitled to participate in the auction, if

1. has completed the registration at the RBP Portal.
2. has concluded the System Usage Framework Contract with MGT
3. has provided auction financial guarantee to MGT no later than 12:00 CET of the 2<sup>nd</sup> working days before the beginning of auction according to the GTC of MGT
4. has submitted to MGT
  - a. the copy of the full or limited trading license granted by the Hungarian Energy and Public Utility Regulatory Authority or
  - b. the declaration of transit through the territory of Hungary/contract storage of natural gas based on the Hungarian Grid Code.

Bidders shall undertake to conclude the needed capacity booking and natural gas transmission contracts with Eustream and FGSZ in case of an accepted capacity request. In default of it MGT will not be able to fulfil the gas delivery.

Requestor shall submit its shipper pair by the adjacent System Operators no later than 5th working days before the first requested gas day. In default of it MGT is not able to accept the nominations.
