Offered interruptible monthly capacity at Balassagyarmat HU>SK cross-border interconnection point as exit point	2 117 718 kWh/óra (GCV 25°C/0°C)
Contract periods	1 st of November 2015 – 30 th of November 2015
Type of transmission capacity	standard, interruptible, unbundled

Tariff:

The Reserve Price is calculated in accordance with the current MEKH Decree on gas network access fees, the rules of using incentives for improving service quality by the network operator by means of network access pricing, on applicable network fees depending on service quality, and on the conditions of applying network access fees, 1/2013.(VII.11.), (hereinafter: Tariff Decree).

Based on the Commission Regulation (EU) No 984/2013 of 14 October 2013. (CAM NC) the Ascending Clock auctions shall enable System Users to place volume bids to requested quantities against escalating prices, which are defined price steps, announced in consecutive bidding rounds, starting at the Reserve Price. System Users with a winning bid in the auction are obliged to pay the capacity fee related to the obtained capacity and the eventual auction extra charge calculated on the basis of the underlying price step. In case of interruptible capacity the Reserve price is equal with transmission capacity fee of non-interruptible capacity based on Tariff Decree.

Conditions of applications of capacity auction:

Until 14th of October 2015 17:00 CET

1. Fill in and send back of the Registration form:
 - via e-mail: comdisp@gaztranzit.hu
 - via mail: Magyar Gáz Transzít ZRt. H-1031 Budapest, Záhony u. 7/B.
2. Fill in and send back of the Capacity auction statement:
 - via e-mail: comdisp@gaztranzit.hu
 - via mail: Magyar Gáz Transzít ZRt. H-1031 Budapest, Záhony u. 7/B.

Until 15th of October 2015 17:00 CET

1. The capacity auction will take place on the Capacity Booking and IT Platform of MGT (hereinafter: MGT KLIP).
The System User shall undertake to conclude a Capacity Booking and IT Platform User Agreement with MGT. The MGT KLIP recipient must have a valid private digital certificate issued by a qualified service provider. The certificate must comply with the MGT KLIP User Agreement in detailed in conditions.
2. The provision of financial guarantee take place based on the 11. point of KLIP Regulation. The System User shall provide adequate and sufficient financial guarantee to MGT according to the Contract no later than 3rd working days before the first requested gas day.

According to the Government Decree 19/2009 (I. 30.) implementing the Act XL of 2008 on Gas Supply (GET) , no financial obligation and no capacity booking is required at Vecsés connection point, but requestors must have Network Usage Framework Contract with FGSZ for transition to the adjacent FGSZ system.

Contract will be binding in case of properly signed contract by MGT being delivered to System User.

Bidders shall undertake to conclude the needed capacity booking and natural gas transmission contracts with MGT, eustream and FGSZ in case of an accepted capacity request. In default of it MGT will not be able to fulfil the gas delivery.

Requestor shall submit its shipper pair by the adjacent System Operators no later than 5th working days before the first requested gas day. In default of it MGT is not able to accept the nominations.
